PEMBROKE PUBLIC INFORMATIONAL MEETING
SAFETY IMPROVEMENTS AT US 3/PEMBROKE HILL ROAD

The New Hampshire Department of Transportation will hold a Public Informational Meeting on Monday, October 23, 2006 to discuss safety improvements to the intersection of US Route 3 and Pembroke Hill Road in Pembroke.

This project proposes to reconstruct the intersection of US Route 3 and Pembroke Hill Road as a modern roundabout. The project limits are approximately 300 feet north and south of the intersection on US Route 3, and approximately 300 feet from the intersection up Pembroke Hill Road. As part of the project, approximately 500 feet of Bow Lane will be relocated to align opposite Pembroke Hill Road.

The purpose of the public meeting is to present citizens and public officials with information regarding the proposed project, and to solicit public input in order to ensure that project decisions meet public transportation needs, community goals, and protect and enhance the environment.

The October 23 meeting will be held at the Pembroke Library, 313 Pembroke Street, Pembroke, New Hampshire and will begin at 7:00 pm.
